

## Make a Bird feeder

Birth to five Matters: A Unique Child: Children will build on experiences in the natural, built and virtual worlds.

**You are your  
child's teacher:**

Use descriptive language: talk about what your child is doing avoid asking questions.

Let your child be as creative as possible age appropriate.

Be warm, supportive, and encouraging.

To make the bird feeder you will need:

- Bird seed
- Lard
- Pine cone
- String

Put the lard onto the pine cone and roll or drop the bird seed onto the pine cone, tie the string around the pine cone so that you can hang it from a tree or building.

Using toilet rolls you could make your own binoculars and go bird watching .
