### Year of the Dragon

**Saturday 10th February 2024**

**Make a Chinese lantern you will need:**

Red A4 paper, scissors, glue, glitter or paint

For the first design option, fold your piece of card in half, lengthways, so the two long sides meet.

Use a pair of scissors to cut lines along the fold, as shown in the photograph. It's important to not cut all the way across, as if you do your lantern will fall into pieces.

You can add gold or red pen, paint or collage materials if you wish.
