

Christmas Wreath Activity

EYFS: Understand some important processes and changes in the natural world around them, including the seasons and changing states of matter

You are your child's

teacher:

Let your child explore with different textures.

Let your child create their own master piece.

Use descriptive language:

Social and interaction,
waiting and turn taking

Encourage other family
members to say a Christ-
mas poem or read a story.
Repeat activities as much

Holy Wreath:

You will need:

Paper plate

Coloured paper or crayons

Glue

String or ribbon

Cut out the centre of your paper plate to create a hole, then glue the outer circle and stick on pieces of red and green paper. You could roll the red paper up to create berries.

Go on a nature walk and collect natural materials to create your Christmas wreath.
