Who we support

People over the age of 18 who are experiencing homelessness and have been referred from Bassetlaw District council

One-to-one support

Many people find having their own Housing worker helps them to identify and overcome difficulties. These difficulties may prevent them from improving or building independent lives.

We will help you to plan the support you need to meet your goals and move on to independent living. Signposting to other relevant agencies if required. An agreement will be made about who will do what and about when and how often you will meet with your worker. As well as helping to overcome existing difficulties, this often prevents new problems developing.

We will help you with:

- Finding and applying for accommodation and maintaining a tenancy
- Support to maximise benefits
- Developing your skills for independence
- Signposting to local services
- Signposting to access education, training or employment opportunities

The support we offer

We aim to give you the skills, information and opportunities you need to take the steps to independence. From developing independent living skills and managing your finances to sign posting to education and gaining employment.
