Who we support

Corporation Oaks provides accommodation for single people, couples and pregnant females who have been assessed as homeless or who are under investigation with regards their homelessness status by Nottingham City Council and Housing Aid.

One-to-one support

Many people find having their own support worker helps them to identify and overcome difficulties. These difficulties may prevent them from improving or building independent lives.

We will help you to plan the support you need to meet your goals. An agreement will be made about who will do what and about when and how often you will meet with your support worker. As well as helping to overcome existing difficulties, this often prevents new problems developing.

We will help you with

- Accessing employment, training & education services
- Developing essential life skills e.g. managing finances, tenancy sustainment

The support we offer

- Support planning and risk assessments tailored to meet your needs
- Your own named keyworker
- Out of hours support provided by the NCHA SMaRT service (Support Management and Response Team)
- Individual support sessions and regular service user meetings
- You will be encouraged to become involved in the running and development of the project. We will respect your choices, privacy, confidentiality and promotion of equalities and diversity
- Advice in claiming welfare benefits and seeking more permanent accommodation
