NEW CHANGES @ NWC

Our New Changes service takes your individual needs into account to make a tailored plan for you. We will work with you for up to six weeks to complete the agreed actions and tasks.

We are open, honest, realistic and approachable. We will always take the time to help you understand how we can support you, without judgement, and with your individual needs in mind.

We ask you to attend appointments on time, be open and honest - to help us to help you, and to treat us with respect.

We ask you to give us enough notice if you can't make an appointment and, to provide feedback to let us know what you think.

The service is open to all women aged 18 or over. You can refer yourself to the service, or just get in touch to find more.

We need to collect information such as your name and date of birth so our funder can keep a record of how effective this project is.
