PEGASUS

Helps you contact Nottinghamshire's emergency services

What is Pegasus?

The Pegasus scheme is for people who find it hard to communicate with us. The Pegasus database helps people with disabilities and other vulnerable people to contact the emergency services, including Nottinghamshire Police, Nottinghamshire Fire and Rescue Service, and East Midlands Ambulance Service. We keep your pre-registered information safe on our computer system and we can access it quickly if you call us. You don't need to repeat all your details.

How to register?

People can register either on the Nottinghamshire Police website or by filling in an application form which can be obtained by contacting pegasus@notts.police.uk.
