Church Farm at Skylarks

FOR LIVING WITH DEMENTIA

"I've learnt that people will forget what you said, people will forget what you did, but people will never forget how you made them feel."

Maya Angelou

Welcome to Church Farm at Skylarks

We are very lucky to be situated in a beautiful setting, right next to horse riding stables and a nature reserve, so an accompanied stroll around the immediate area can be varied and interesting. We are only a few minutes away from Lady Bay with its independent shops and cafés, and not far from Nottingham city.

Meaningful daily living

We keep busy with people living and working together occupied with everyday life including baking, vegetable peeling, planting flowers and art and craft activities. People living and working together come alive sharing their histories, eating and laughing. We have regular visits from the Chiropodist and the Hairdresser visits our salon weekly.

Mealtimes: a social part of the day

Mealtimes are a social part of the day and are never rushed. You may find people washing the pots, peeling vegetables ready for dinner, setting the table and talking about favourite recipes. Everyone is offered visual choices of what to eat and drink. We provide a varied menu selection each week to ensure people living with us receive balanced nutrition and our menus change with the seasons.

Living at Skylarks

People's own bedrooms provide private space personal to them, enhanced with their own belongings and creating a feeling of familiarity and safety that is truly their own. All bedrooms have en-suite bathroom facilities enabling privacy for each person. Many have a small patio garden that families and friends can enjoy together. The extensive gardens provide the opportunity for people to take a good walk outdoors and enjoy a sense of the countryside.
