To whom it may concern,

We have been asked to supply some additional information on Imbue Ventures, Young Adult Provision: Untapped, as a potential provision. Please find more information below, and feel free to contact us if you have any further queries.

Imbue Ventures, is an Immersive Inclusion Centre based in Derby, working with and for individuals from the ages of 8 onward. We use our "SociaLearning" and "GamEducation" approaches, to mentor in interactive core subjects, and offer a unique alternative provision; all while focusing on developing social skills, life skills and integrating with the community. Our core values at Imbue are to create an inclusive community of young people with similar interest, where individuals can be themselves and develop their own skills through independent learning with support of mentors.

Our provision for young adults up to the age of 25, focuses on building life skills, enhancing employability and integrating into society, in an alternative social learning environment. At Imbue we believe in carrying on every young adult's development and education in a more relaxed and open environment; giving students the chance to learn new skills, enhance existing ones, and work towards their goals of employment, further education, or successful integration into everyday life.

We focus on social integration and creating a community with our staff and students, where everyone feels welcomed and accepted, regardless of ability or capability, allowing us to help Young Adults gain confidence and build a supporting community around them, while also guiding them into the rather different world of Employment, Further Education or Moving out etc.

Our main core subjects and services for YAP Untapped are:

- Technical Diagnosis Learning
    - Offering sessions and workshops on basic technical skills and diagnosis, empowering individuals to understand and troubleshoot common technical issues.
- Work Experience Programs
    - Partnering with local businesses to provide vocational training and work experience opportunities, tailored to the abilities and interests of our participants; building their personal, educational and business awareness
- Life Skills Training
    - Conduction sessions on essential life skills, such as communication, cooking, money managements and personal hygiene to enhance independency and self-sufficiency
- Physical Activity
    - Organisation sports, fitness classes and recreation activities to promote physical health and well-being. Promoting movement to be fun and enjoyable, as well as a community experience
- Social Gaming
    - Providing access to a variety of computer games, gaming consoles and table top game, to encourage socialising, recreational activities, and community development.

Alongside access to the learning opportunities our Imbue Experience students receive: Programming/Coding, Design and Creativity and Technical maintenance and Diagnostics

Yap Untapped is committed to making a positive impact on the lives of young adults with special needs by providing them with the support, resources, and opportunities they need to thrive. Through our holistic approach to inclusion and empowerment, we aspire to create a more inclusive society where everyone has the opportunity to reach their full potential.

Our Young Adults Provision is currently a full day provision, from 10am to 4pm; with the ability to offer additional support packages, such as 1:1 support, 2:1, Private Rooms and Bespoke plans etc. Please see our pricing structure for more information https://www.imbueventures.com/pricing
