Nottinghamshire Hospice

Hospice in Your Home

Compassionate care in your own home, day or night.

- Manage symptoms and improve quality of life.
- Promote dignity and comfort.
- Provide emotional and social support to both patients and their carers.
- Support dying at home as the patient's preferred place of death.

Wellbeing Sessions

A space for fun, relaxation and to create social connection between patients.

- Sessions and treatments tailored to your needs.
- Help with understanding and coping with feelings such as fear and anxiety.
- A mix of arts, crafts, games and companionship.

Counselling & Emotional Support

A safe space for you to feel heard and understood

- Up to 8 weekly sessions of individual support - either in person, online or by telephone.
- Bereavement Buddies peer support groups - a caring space for those grieving a loved one, to connect, share, and be supported. Staff and volunteers will also be on hand to support you.

All of our care is provided free of charge
